

PET EMERGENCY KITS

YOUR DISASTER PREPAREDNESS PLAN

YOUR EMERGENCY

KIT SHOULD

HAVE:

01

Proof of ownership and ID tags
(ownership papers should be in a sealed, airtight container)

02

Current photos of your pets, copies of vaccination records, and veterinarian contact info

03

1-3 weeks' supply of pet food and bottled water, plus bowls and can openers (canned wet food will keep better and provide extra hydration)

04

Plastic baggies and cat litter for waste

05

Collars, leashes, carriers, and soft muzzles

07

Medications (try to secure an emergency supply from your vet)

06

Pet first aid kit (items such as gauze to bandage an injury, hydrogen peroxide to disinfect a wound, and an oral dosing syringe or turkey baster for administering the hydrogen peroxide)

08

Treats, toys, blankets, and towels

09

An emergency contact list (helpful neighbors and/or boarding facilities)

10

Other useful items, such as newspapers, paper towels, plastic trash bags, grooming items, and household bleach

OTHER WAYS TO PREPARE FOR DISASTER

Microchip your pets

Microchipping is a way to identify a pet's owner in the event your pet is lost and turned in to a shelter. Make sure you register the microchip to connect its ID number to your information.

Place a rescue sticker in your front window

A rescue sticker or Pet Alert sign placed in your front window lets fire crews and rescue personnel know that you have pets inside the house, how many, and what kind.
