

IMPORTANT PLEASE READ

Automated Pet Care Products, Inc. (AutoPets) created the Litter-Robot Ambassador Program to give affiliates, both businesses and individuals, rewards for educating people about the benefits of the Litter-Robot and sharing the brand within their social and/or business circles.

When a sale is made by a referred customer using a unique affiliate URL, the Affiliate will be rewarded for displaying and disbursing the information to potential customers. This reward does not apply to purchases made by Affiliates, or the members of an affiliate's household, or to purchases made in which a customer receives an already-reduced price, such as a wholesale customer or a pet-related business customer. The customer may also receive an exclusive discount through various Ambassador campaigns.

Purchases which do not earn an Affiliate reward include, but are not limited to:

- Purchases made by an Affiliate for their own use
- Purchases made by a member of an Affiliates household or immediate family
- Purchases made by an Affiliate for another person (Except for Dropship Affiliates)
- Purchase of an already discounted, or reconditioned Litter-Robot Unit (Except for Business-Level Affiliates)
- Purchase of older model Litter-Robot II (Except for Business-Level Affiliates)

Affiliates are strictly prohibited from listing Litter-Robot products for sale on the internet on their own websites, or through other channels such as, but not limited to Amazon.com, Ebay.com, and Craigslist.com. Affiliates found using the Ambassador Program to post or list Litter-Robot products for sale on the internet will be immediately removed from the program.

Other prohibited activities include, but are not limited to:

- Creating a website with the intentions of promoting the sale of Litter-Robot through your unique URL
- Using coupon/discount websites to promote your unique URL
- Using Google Adwords or similar services to gain traffic to a unique URL
- Using internet marketing techniques to promote your unique URL outside of your friends, family, social followers, and/or customer circles
- Using the words *coupon*, *discount*, *promo/promotional*, *code*, or any variation thereof in digital channels

When sharing your affiliate link, do not include the words:

- coupon,
- discount,
- promo/promotional,
- code,
- or any variation thereof.

Any static content that includes these terms must be edited to reflect this rule.

That includes, but is not limited to:

- YouTube video descriptions
- Instagram, Twitter, or Facebook bios
- website or blog posts
- any similar static page that may be indexed by Google.

If someone comments on your post using the word save, coupon, discount, or another prohibited term, you are not obligated to delete their comment. You may respond, but you may not use any of the prohibited terms.
